

Appl. No. 09/936,618
Amendment dated June 15, 2005
Reply to Office Action of December 16, 2004

AMENDMENTS TO THE SPECIFICATION:

A substitute specification in accordance with 37 CFR 1.125(b) is included with this response. The substitute specification corrects errors in the translation of the original PCT application. Since the PCT application is the originally filed application in the U.S. national stage, no new matter is being added. Therefore, in accordance with 37 CFR 1.125(b), Applicants state that the substitute specification includes no new matter.
